

SDVOSB Laboratory | LabTECH Environments

Award Winning, 100% Service-Disabled, 100% Veteran-Owned, Small Business Enterprise

SDVOSB Laboratory is proud to be a Certified Diversity Supplier, Service-Disabled Veteran Owned Small Business (SDVOSB) & HUBZone with a focus on all types of laboratories through our LabTECH Environments.

SDVOSB Laboratory understands that planning, designing, providing, installing and testing capital equipment solutions for your facility is a holistic process. Equipment and furniture must be properly configured for the application, seamlessly installed to enhance workflow efficiency, tested for safe operation, and users must be kept safe. Our professional consultants will help you evaluate the proper fit and layout of the equipment in your facility, understand the cost of procurement and ownership, and coordinate delivery logistics and installation. Our installation teams completely integrate high-quality solutions. We offer testing and certification services to ensure the most effective operation of the environment.

Our strength is the understanding of scientific equipment, furniture, technology, and instruments in research laboratories, vivarium, hospitals, blood banks, pathology labs, tech and computer labs, pharmacies, cadaver, morgues, industrial and pharmaceutical R&D, testing, validation, learning, educational, and healthcare facilities. For over 30 years, our key staff has partnered with world-class lab designers, architects, and manufacturing companies to provide our customers with a fully-vetted suite of quality products.

*Be a part of the battle to grow American business while utilizing our expert American human resources - Service Disabled Veterans. We have a duty to support our Veterans. Not handouts. **Just solid business partnerships with experienced professionals that you can trust. We are here for you.***

We Bring Laboratories to Life!
